ThyssenKrupp Elevator's standard baked enamel paints are specially blended for today's sophisticated tastes and color schemes. Oven-baked to provide a finish that is as durable as it is beautiful, our baked enamel finishes come in 12 colors. And, all of the paints used during manufacturing at ThyssenKrupp Elevator meet the VOC and chemical component limits of Green Seal's Standard GS-11, helping you to gain LEEDs points for your green buildings.

Don't see a color that matches your décor? Provide us with a paint sample, and we can mix any color to your exact specifications. For additional information, please contact your local ThyssenKrupp Elevator sales representative.
